

DAVID DVORSKY

ONLY

ONLY

"ONLY" - four letters, four Elements (Earth, Fire, Water and Air), four parts of one extensive and intensive electronic musical composition. Album "ONLY" (EP) is an integral part of art exhibitions introducing David Dvorsky as a painter and composer. Paintings inspired and created by the same themes, together with this musical piece creates an unified and unique audiovisual project called eponymously "ONLY" giving to the open minds an extended experience of "view & hear" perception in one. Hope you will find the substantial matter within during listening, relaxing or contemplating.

A very special thanks deserves my wife Lenka for unfailing patience with me and my work.
